Grille Guard - T16 Aluminium

Bull Bar - T5 Polished Alloy

This light weight bar is fitted over the original bumper and offers great sports styling, yet still offers full protection for the original bumper and grille. Made from aluminium the T5 includes driving light mounting points.

Grille Guard - T16 Aluminium

The stylish and sporty T16 Grille Guard is manufactured from 76 & 45mm diameter aluminium tube, is brightly polished, and fits neatly over the existing front bumper. It includes provision for mounting driving lights.

Tubular Stainless Steel Steps

Tubular Stainless Steel Steps

TJM Stainless Steel Steps are made from the highest quality T304 Stainless with a quality polished finish. Not only do they look great but with the inbuilt step tread they are a functional accessory that helps you to enter and exit the vehicle.
